## About UDSMR

Uniform Data System for Medical Rehabilitation (UDSMR) is a division of UB Foundation Activities Inc., a not-for-profit corporation affiliated with the University at Buffalo, The State University of New York. Founded in 1988, UDSMR administers the world's largest medical rehabilitation database, and its instruments provide the field with a common language and measurement tools for outcomes and functional assessment. CMS has adopted UDSMR's FIM™ instrument as the basis for the IRF PPS, and UDSMR provides exclusive training and support to the agency.

All of Ernest Health's eligible rehabilitation hospitals are ranked among the nation's best inpatient rehabilitation facilities nationwide.

**ERNEST HEALTH**  
*We are passionate patient caregivers*

# *We are passionate patient caregivers.*

All of Ernest Health's eligible rehabilitation hospitals have been ranked in the Top 10% of inpatient rehabilitation facilities nationwide. And, it matters!

This means that in the communities we serve, our patients are receiving the highest level of rehabilitative care available anywhere in the United States. This is because our employees and medical staffs are committed to achieving the best possible outcomes for our patients.

Our hospitals were ranked from 870 inpatient rehabilitation facilities in 2017 and nationally recognized as providing our patients care that is:

- Patient-centered
- Effective
- Efficient
- Timely

The hospitals' rankings were determined by the Uniform Data System for Medical Rehabilitation (UDSMR), a non-profit corporation that was developed with support from the U.S. Department of Education, National Institute on Disability and Rehabilitation Research. UDSMR maintains the world's largest database for medical rehabilitation outcomes.

Through UDSMR, our hospitals collaborate with peers throughout the United States to share information and establish best practices, elevating rehabilitative care for everyone across the nation.

Ernest Health's rehabilitation hospitals provide specialized rehabilitative care to patients recovering from or living with disabilities caused by injuries, illnesses, or chronic medical conditions. Our hospitals are located in Arizona, Colorado, Idaho, Indiana, New Mexico, Ohio, South Carolina, Texas, Utah, and Wyoming. Each hospital is managed locally to best meet the needs of each community.
