

Genesis Rehab Services invites you to our education event:

Driving Clinical Decisions Through Vital Signs Assessment

April 2, 2019

Live Webinar

Free for all participants

1.25 Contact Hours

ABOUT THE PROGRAM

This program is a live webinar focusing on the practical application of vital signs assessment to guide physical therapy, occupational therapy, and speech-language pathology clinical practice. Through the use of clinical case studies, participants will learn to apply the key concepts of vital signs as members of the interdisciplinary team.

This course is ideal for Physical Therapists, Physical Therapist Assistants, Occupational Therapists, Occupational Therapy Assistants, and Speech-Language Pathologists.

Program Level: Introductory

Presenters: • Alyssa Thrush, DPT, GCS, CEEAA • Diane Dismukes, OTR • Jeanne Copeland, M.S., CCC-SLP

COURSE OBJECTIVES

By the end of the program, the participant will be able to:

- Recognize the importance of accurately monitoring vital signs;
- Identify patient-specific normative values;
- List the steps involved in taking vital signs;
- Identify the effects of abnormal vital signs on therapy interventions; and
- Utilize vital sign assessment to guide clinical decision-making and determine the effectiveness of physical, occupational, and speech therapy services.
