

Developmental Therapy Services

a division of CHILD

Pediatric Speech/Language Pathologist

Are you looking to make a Difference for children and families?

CHILD /Developmental Therapy Services has a full time opening for a CCC-SLP or SLP-CFY in a unique school + clinic environment. We seek a candidate with excellent clinical, communication and relationship skills to work in a setting with collaborative team approach where children progress! Join our multidisciplinary team of educators, therapists and parents in the critical role of Speech and Language Therapist. Children present with a variety of challenges associated with autism, learning disability, developmental delays, and other conditions impacting language and communication.

This is a full time position beginning mid-June 2019 offering a competitive salary and full benefit package. Requires **completed graduate degree, current Washington State SLP license or Washington State SLP-Interim Permit.**

Responsibilities include speech /language/communication evaluation, create monitor and carry out IEP/therapy plan, and extensive consult/support with staff and families. The preferred candidate will have 1 to 2 year's pediatric experience and passion to work with children, families and other professionals. *SLP - CF candidates are strongly encouraged to apply; required CFY supervision is available to the candidate for the CF year.*
