

# ***Invitation to Participate in a Research Study!***

## **“The Impact of Psychosocial Factors on Psychotherapeutic Processes Among Clinical/Counseling Psychology Trainees”**

Hi! I'm a clinical psychology student seeking clinical/counseling psychology students to participate in an online study in which you will take a survey.

You will just have to answer questions about yourself and no personally identifying information will be asked of you. The survey is short and should only take 10-15 minutes to complete.

To participate, please visit the study website below:
