

Psychology Summer Institute

JULY 12-17, 2021

PSI provides professional development and mentoring experiences to advanced doctoral students of psychology and to recent doctoral recipients in psychology who are starting their careers.

Participants receive mentoring and training in the areas of program evaluations, innovative treatment models, organizational training curriculums, or grant proposals to fund initiatives for practice settings, such as: hospitals, community health centers, integrated care settings, or mental health clinics. All practice oriented projects must focus on issues affecting ethnic minority communities.

Now offering CE credits for select sessions.

See website for complete details.

BENEFITS

- One-on-one mentoring for project and career development
- Seminars on selected topics by highly qualified faculty
- Networking with representatives from federal and private agencies and foundations
- Advocacy for training in ethnic minority mental health

SEMINARS AND WORKSHOPS

- Cultural Competency in Services
- Ethics
- Health Equity
- Technology: Practical Insights for Psychologists
- Leadership and Advocacy
- Transitions and Advancement
- Life Balance
- Grant Writing and Funding Opportunities
