

# 3MT IS HERE

## Three Minute Thesis

**FRIDAY NOVEMBER 17, 1:30PM AT EMU CRATER LAKE ROOMS**

**Register now for events using hyperlinks. Limited spots.**

The 3MT competition gives graduate students no more than 3 minutes (and one slide) to present their research. This cultivates students' capacity to effectively explain their research concisely in language appropriate to a non-specialist audience.

To participate, please submit a title and a 150-word abstract describing your research.

Competitors can expect to receive a feedback package after the event containing including a video clip of their presentation and the judges' scoresheet/comments.

## Dynamic Presentations Series

Elevate your presentation skills with our three-part workshop series designed exclusively for graduate students. In these interactive sessions, you'll learn the art of crafting and delivering dynamic presentations that captivate your audience, convey complex ideas effectively, and leave a lasting impact.

### Part 1: Three-Minute Thesis Workshop

Friday October 20, 2023, 2:30-4:00pm at Allan Price Science Commons & Research Library - B040

### Part 2: How to Engage Audiences at Conferences, in the Classroom, and Beyond

Tuesday October 24, 2023, 11:00am on Zoom
