Dr. Jeff Todahl

Co-Director, Director of Research
Center for the Prevention of Abuse and Neglect

ONE Goal: ONE Place

It is Dec. 31st, 2030. We have reduced child abuse, child neglect, and exposure to intimate partner violence 90% below 2017 rates in Lane County, OR.

What have we done to achieve this?

What is the role of the University of Oregon and the Prevention Science program in directly contributing to this goal?
