

INFO SESSION!

Interested in learning more about the University of Oregon's Graduate Specialization in Quantitative Research Methods (QRM)?

QRM students obtain:

- Rigorous interdisciplinary training in advanced quantitative research methodologies
- Development of deep knowledge in at least one analytic method
- Earn an official UO credential that communicates their expertise

If so, we want to answer your questions!

9 – 9:30 am

Monday & Wednesday,
February 10 & 12, 2020

University of Oregon
Lokey Education Building,
Room 102G

RSVP - Send an email to us at empl@uoregon.edu to let us know you'll be coming or just show up.

Can't make it? Email empl@uoregon.edu for more information or to set up an individual consultation with the specialization director.
