

Share Your Experiences!

Help Improve Courses in Special Education at the University of Oregon

We are looking for individuals experiencing disability, family members, advocates, teachers, and personal support workers to share your experiences.

Too often, the **lived experience** of disability is not at the forefront of undergraduate learning. You can help change that! We will be interviewing community members over Zoom to create videos to enhance learning at the University of Oregon.

Interviews will be scheduled at a time that works for you and should last about an hour. **You can earn a \$25 gift card in appreciation of your time.**

Contact Chris Knowles at cknowles@uoregon.edu if you are interested.

Funding is provided by The Tom and Carol Williams Fund for Undergraduate Education at the University of Oregon.

Please share with others!
